859 West 96th Street (*Approximate Address*); Washington Township

Dear Mr. Calderon,

This is official notice that after a public hearing on June 15, 2022, the Metropolitan Development Commission approved and recommended the above-referenced Zoning Ordinance to the City-County Council for adoption. Said Ordinance was duly certified by the Administrator of the Division of Current Planning to the Clerk of the City-County Council, as required by Statute.

The City-County Council, on July 11, 2022, did not schedule said Ordinance for public hearing. This Ordinance, therefore, is deemed adopted by the City-County Council and in full force and effect.

Zoning Ordinance 2022-ZON-016 was approved to the D-P (FF) (FW) classification and is subject to the commitments recorded as Instrument No. A202200081358 in the office of the Recorder of Marion County, Indiana, and subject to the Approved Preliminary Planned Unit Development, stamped-approved on June 15, 2022, copies of which are on file in the offices of the Metropolitan Development Commission.

Sincerely,

Matt Pleasant, AICP
Current Planning Administrator
