Subject: Release for Construction  
The Ridge on Williams Creek  
J-23-085

The above referenced water main extension project has been released for construction and assigned to Jacob Love, Inspector for the project. You can schedule your pre-construction meeting directly with Jacob Love at (317) 437-1866 or [JLove@citizensenergygroup.com](mailto:JLove@citizensenergygroup.com). All pre-construction meetings are to be held on-site after all materials are on-site and ready for inspection.

Please note: This project has been released prior to the recording of an associated easement. This project will not be released for service or fire protection until all easements have been reviewed and accepted by Citizens then recorded with the County. It is the applicant's responsibility to complete the easement documents in a timely fashion complying with all Citizens' requirements as defined in the Citizens Water Standards Manual (latest edition).

Thanks,

Richard J. Newell  
Project Manager – Water/Wastewater Private Development
